

# Come Lord Jesus

---

*April 1 Read: Matthew 28:1-10 Yelissa Beugelink (7)*

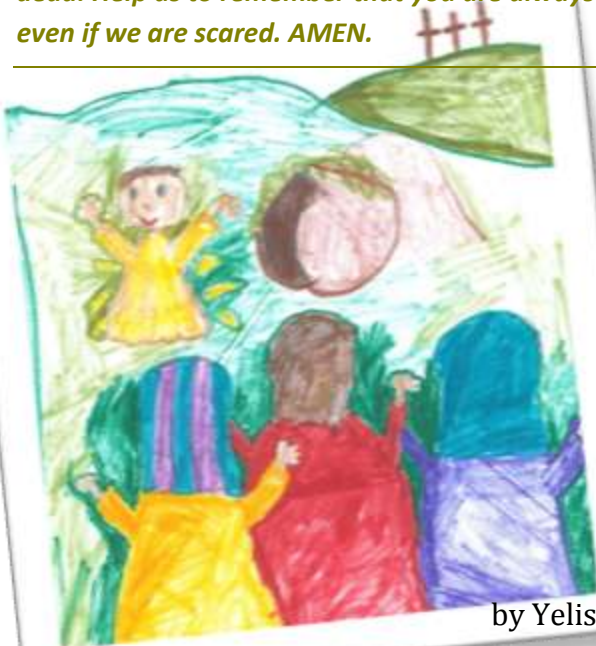

Sometimes I get sad when I think about Jesus dying on the cross. But then I remember that he rose from the dead.

I like this story because these women got scared of the angel and the angel said that Jesus is alive just like he told them before. I think the women were very sad and lonely when they went to the tomb because they thought Jesus was dead forever. But then I'm sure they were excited when the angel told them that Jesus was actually alive.

Sometimes I still get scared at night and I feel alone. But then I remember that Jesus is alive and always with me. I think these women must have felt much better after they found out that Jesus is alive. I know it makes me feel much better.

***Prayer: Dear Jesus thank you that you died for our sins. But I want to thank you most of all that you rose from the dead. Help us to remember that you are always with us even if we are scared. AMEN.***
